Interested in learning more about grazing animals? Colorado State University Extension is hosting grazing animal workshops in Sterling and Anton this July. These workshops will focus on grazing animal behavior, nutrition, and ecology. Much of the spotlight will be on cattle, but we will also include information on sheep and wildlife. There is no fee to attend. We look forward to seeing you there!

To RSVP for one of the workshops just go to - http://www.range.colostate.edu/grazingworkshopform.shtml

**JULY 28th IN STERLING, COLORADO**

**JULY 29th IN ANTON, COLORADO**

**GRAZING ANIMAL WORKSHOPS**

It is recommended but not required that you register with Dr. Casey Matney by July 27th, prior to attending the workshops. You may contact him by phone, email, or here online (http://www.range.colostate.edu/grazingworkshopform.shtml). When registering please leave your name, the number of individuals planning to attend, and either an email or postal mailing address.

If you are a person with a disability and require any assistive devices, services, or other accommodations to participate in this program, please contact Dr. Casey Matney at least 14 days prior to the event.
